Blue Gill, Pumpkinseed,	—	NO LIMIT
Sunfish	—	NO LIMIT
Catfish	—	NO LIMIT
Carp	—	NO LIMIT

PLEASE DO NOT PUT CATFISH AND CARP BACK IN THE LAKE

Fish limits are subject to change at any time. Current limits in effect are posted in the mail house and the Cinnamon Lake office. Please check those periodically to see if limits have changed.

Fish and Lake Committee conducts random inspections to monitor size and limits.

The Fish and Lake Committee have put a no limit on the panfish under a certain size as we have a lot of these fish in the lake. By removing them it will allow for reduced competition for food and hopefully make for a healthier fish population. Also it should increase the size of the other fish. The catch and release on certain fish species should help allow these populations to grow. Thank you for following the 2023 summer fishing limits.

The Committee would like to hear from you about what type of fish you are catching and the sizes. It would be helpful for them to have a better idea of what needs to be stocked in the future. Please send your great fish stories, and pictures to their email:
