WATER'S EDGE AT CINNAMON LAKE AUGUST 2025

From the President:

Greeting members of Cinnamon Lake. August will be a busy month for the Cinnamon Lake Staff. You should have already received correspondence from Cedar Management. They are the company we have contracted to conduct all of our billing and manage our financial operations. They will offer more options to make payments and view your account information. They will not be taking over the daily operations. The Cinnamon Lake Office will still be open and staffed by Cinnamon Lake employees. If you need to file for a permit or get gate passes and items like that, you can still come to the Cinnamon Lake Office. Please be patient as we transition to Cedar Management. We will also be replacing the compactor for our trash service. The current compactor is over 20 years old and has had many problems as I am sure you are all aware. During the interim while we do the needed concrete and lot improvements we will be providing dumpster for trash collection. Please do not put restricted items such as tires or paint into the dumpsters.

Neighborhood Watch:

2025 is the year of success from the Membership of Cinnamon Lake to see efforts from all members and guests to create finally one of the safest communities around. Our Sheriff Activity Reports are in the low to no alarming recent activities. The group has discussed ideas for restructuring meetings and activities to become a most positive motivated direction and focus on younger generation participation for safety education and communication to maximize notification of precautions, maximize privacy while still keeping members informed of extra safety suggested. How would you like to see something like SAFETY TOWN and other ideas? Internet Crime Against Children - what to look for and how to report? Let us know what evenings and times you suggest for meetings. Would you be willing to Volunteer? What are your talents and strengths to share? Send to cinnamonlakeNW@gmail.com or info@cinnamon-lake.com ATTN: Neighborhood Watch so we can look into them.

See Something - Say Something - Call Sheriff 911 for emergency or 419-289-3911 non-emergency Option#9 and ask for a Deputy. The Sheriff does pass through the development at random times daily since we are the largest served Community for Ashland County without their own department.

Events Committee:

The Committee would like to thank everyone who helped make the Annual Beach Party such a great success. This month, check out Yoga on Monday evenings, Mug Club on Thursday mornings, and Euchre on the fourth Friday. Water Aerobics is every Sunday and Thursday evening at the pool. Adult Only Swim on Friday mornings. Check the calendar for details. For more information on any event, please email events@cinnamon-lake.com or better yet, come to our committee planning meeting on Wednesday, Aug. 6th at 6:00pm in the Community Center.

Fish & Lake Committee:

We are grateful for the community's generous support of Fish & Lake at the Pancake Breakfast, and for saving aluminum cans for the bins located near the compactor and campground. Jones Lake Management will be treating the lake for algae on Tuesday, August 5th. They will be using a product called Vodaguard C, and will apply it in the three large lake fingers. This product will be dispersed widely across the lake surface, and is safe when applied this way. Please avoid contact with the product when it is visible, and with the clumps of algae that the product will create as it works. Everything should be back to normal within a day or two, except for less visible algae and fewer chances for a harmful algae bloom! Our next meeting will be August 27th - we will be deciding on fall fish stocking. Donations towards that effort are gladly accepted.

Garden & Landscaping Committee:

Activities for spring/summer are nearly finished with the Spring / Summer work around the community! Trees & gardens mulched, courtesy of the plentiful rain, flowers are flourishing, and so are the weeds ... an ongoing project to keep them at bay! As we enter a traditionally dry August, if anyone wants to sign up to help water the flowers at the front gate, office and/or Lodge, you can do so at www.tinyurl.com/CLGwatervol25. We really appreciate the help. Upcoming projects will include sprucing up the Nature Trail. The community is invited to help, so stay tuned for the date and time posted on NextDoor. It's a great way to get out and enjoy nature, get involved, and get to know your neighbors! We look forward to seeing you! Our next meeting is Wednesday, August 20, at 6pm at the Community Center.
